For purposes of these paragraphs, a substantially responsive tender is one, which conforms to all the terms and conditions of the tender documents without material deviations. The Procuring entity's determination of a tender's responsiveness is to be based on the contents of the tender itself without recourse to extrinsic evidence.

2.23.4 The Procuring entity's evaluation of a tender will take into account, in addition to the tender price and the price of incidental services, the following factors, in the manner and to the extent indicated in paragraph 2.23.5 and in the technical specifications:

The Procuring entity may consider the alternative payment schedule offered by the selected tenderer.

(c) Spare parts and after sales service facilities

Tenderers must offer items with service and spare parts back-up. Documentary evidence and locations of such back-up must be given. Where a tenderer offers items without such back-up in the country, he must give a documentary evidence and assurance that he will establish adequate back-up for items supplied.

2.23.6 The tender evaluation committee shall evaluate the tender within 30 days of the validity period from the date of opening the tender.

2.24.2 Any effort by a tenderer to influence the Procuring entity in its decisions on tender, evaluation, tender comparison, or Framework Agreement award may result in the rejection of the Tenderer's tender.

2.25 Award of Framework Agreement

(a) Post-Qualification

2.25.1 In the absence of pre-qualification, the Procuring entity will determine to its satisfaction whether the tenderer that is selected as having submitted the lowest evaluated responsive tender is qualified to perform the Framework Agreement satisfactorily.

2.25.2 The determination will take into account the tenderer financial, technical, and production capabilities. It will be based upon an examination of the documentary evidence of the tenderers qualifications submitted by the tenderer, pursuant to paragraph 2.12.3 as well as such other information as the Procuring entity deems necessary and appropriate.

2.25.3 An affirmative determination will be a prerequisite for award of the Framework Agreement to the tenderer. (b) Award Criteria

2.25.4 The Procuring entity will award the Framework Agreement to the successful tenderer(s) whose tender has been determined to be substantially responsive and has been determined to be the lowest evaluated tender within prevailing market prices, provided further that the tenderer is determined to be qualified to perform the Framework Agreement satisfactorily.

2.25.8 The procuring entity shall give prompt notice of the termination to the tenderers and on request give its reasons for termination within 14 days of receiving the request from any tenderer.
